## PROFILE

I'm a 22-year-old web developer who specializes in building simple websites and apps using HTML, CSS, JavaScript, and React. Passionate about modern technologies and artificial intelligence, I've completed numerous hands-on projects and am eager to advance in development and digital.

## EXPERIENCES

- Develop responsive websites (HTML, CSS, JS, React).
- Create and manage WordPress sites (themes, plugins, integrations).
- Install, configure, and maintain IT systems.
- Use Git/GitHub for collaborative project management.
- Fundamentals of artificial intelligence in Python (simple projects).
- 5 years of Technical Support & PC Maintenance and build

## EDUCATION AND TRAINING

- 2025 Web Developer Certificate
- 2024 OFPPT Entrepreneurial Innovation Diploma
- Secondary Science Level

## SKILLS

### Techniques:

- HTML, CSS, JavaScript
- WordPress, CMS (Kirby)
- UX Design, Registration and Payment Systems
- Python (AI Basics)
- Linux, Git, GitHub
- MERN (MongoDB, Express, React, Node.js)
- Technical Support & PC Maintenance

### General:

- Team spirit and autonomy
- Organization and time management
- Ability to learn quickly

### I am ready for :

- A junior web developer position (front-end or back-end).
- An IT technical support role and PC management/maintenance.
- A freelance or remote web development collaboration.
- An internship or continuing education program in the digital field.
